EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The title was amended to read as follows:

~~Field-installable connector including stub optical fiber having laser shaped endface~~ **Method of**

Making an Optical Fiber by Laser Cleaving

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the primary reason for allowance is that the cited prior art fails to disclose or reasonably suggest a method of processing an optical fiber comprising rotating a stub optical fiber or optical fiber in combination with laser processing the stub optical fiber or optical fiber by sweeping a laser beam at a pre-selected angle from perpendicular to a longitudinal axis of the stub optical fiber or optical fiber back and forth across a surface of the rotating stub optical fiber or optical fiber as noted in Claims 11 or 20.

The cited prior art does disclose rotation of an optical fiber by sweeping the laser beam at a tangent, or radially around the optical fiber (See US 6,534,741, figure 3), but does not disclose or reasonably suggest the claimed sweeping of the laser beam from a perpendicular to longitudinal axis of the optical fiber.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

CONCLUSION

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Carlos Lopez whose telephone number is 571.272.1193. The examiner can normally be reached on Mon.-Fri. 8am - 5pm.
